EDUCATION

Rochester Institute of Technology

AUG 2012 - MAY 2017

Bachelor of Science: New Media Interactive Development

EXPERIENCE

Creamline, New York, NY — *Dairy Counter Tender*

JUN 2017 - JAN 2019

Constantly took initiative and proved my usefulness as a team member.
Provided quality drinks and customer service to a diverse customer-base.
Trained new employees on proper food preparation and presentation as well as health and safety protocols.
Often translated information between English and Spanish.

Rock & Roll Hall of Fame, Rochester, NY — *Front-End Developer*

DEC 2015 - MAY 2016

Researched similar projects and various APIs to develop prototypes .
Used a kickstarter to secure initial funding.
Used OpenFrameworks in C++ to project images onto a physical construct based off timers and user-input.

Urban Health Plan, Bronx, NY — *Summer Intern*

JUN 2009 - AUG 2014

Completed various summer internships including the billing department, payroll, and two in the Management Information Services (MIS) department.
Helped diagram the clinic's extensive network using Microsoft Visio.
Updated and replaced equipment as necessary.

PROJECTS

Fragile Equilibrium — *HTML, CSS, JavaScript (jQuery)*

Worked on a mixed team of developers and designers.
Developed various menus and HUD using designs from other team members.
Designed responsive CSS for smaller devices.
Ensured the menus were compatible with an Xbox controller.

Word Search App — *HTML, CSS, JavaScript (React.js, jQuery)*

Personally designed and developed the entire project.
Developed an interactive canvas game that randomly generates word placement and filler letters.
Built the interface, including a word bank, using React.js.

LANGUAGES/SOFTWARE

HTML (5 years)
CSS (5 years)
JavaScript (5 years)
jQuery (5 years)
D3.js (3 years)
React.js (2 years)
PHP (1 year)
